What have some of our guests said about their stay at Harmony Villa?

"A day has not passed that we have not thought about, talked about, and longed to be at Harmony Villa. We are different people than we were before because of the experience of tranquility and love of your very sacred space." Michele and Michael.

...David and I both have not been the same since our trip to Dominica. It has been hard being back in the harsh reality of the States after such an idyllic vacation. We so loved Harmony Villa that we want to return and bring our children. Ruth

"I felt it a privilege to stay at your villa. It was very lovely. Thanks for stocking the pantry so well. The beautiful flower arrangements in each room were so elegant. We loved the menu for our welcome dinner!" Sheila

"We were so happy in the house you have created. Thank you! Each of us loved his/her room, we spent so much time on the outside veranda breathing the fresh air. You have created a resting place out of the spirit of the island. It helped us touch Dominica.

And thank you for Jose. I loved her kin eye and her warm heart, her curious mind and responsible attitude. Good choice for your manager. We will come back. I miss the island. It grows in me like a garden." Best, Joanna
